

CHARITABLE FUNDS

choose what's
right for you

Unrestricted

Your gift is highly flexible and available to meet the breadth of community needs - including future needs that may not yet be imagined.

The Community Foundation's program experts evaluate all aspects of community wellbeing — arts and culture, education, environment, health and human services, neighborhood revitalization, and more. Unrestricted gifts empower us to make strategic grants, where need and opportunity are greatest.

Field of Interest

Focus your gift on an important area of community life, such as enriching education, safeguarding health, strengthening families, improving neighborhoods, cultivating the arts, or protecting the environment.

You identify your personal interest when making the gift; the Community Foundation awards grants to community organizations and programs that are making a difference in the area you select.

Donor-advised

Enjoy ongoing involvement. When you establish a Donor-Advised Fund, you can work with our professional program staff to identify possible grants that may benefit a variety of causes and organizations important to you.

Your grant recommendations are distributed in the name of your fund.

Designated

Direct your charitable gift to benefit a specific nonprofit organization or purpose. Your gift can provide an ongoing funding stream for a senior center, museum, or virtually any nonprofit charitable organization.

Organization

Nonprofits can create permanent endowment funds for their own benefit and can use the Community Foundation's capabilities to accept complex gifts.

The Community Foundation handles all of the administrative and investment responsibilities, freeing the organization to pursue its mission.

Scholarships

Invest in your community's future and show students you care, all with the guidance and personal services of your Community Foundation. You determine the criteria students must meet to receive the scholarship you establish.

With your assistance, students achieve their academic and career-oriented goals.
